

HAND GESTURE CONTROLLED LAPTOPS

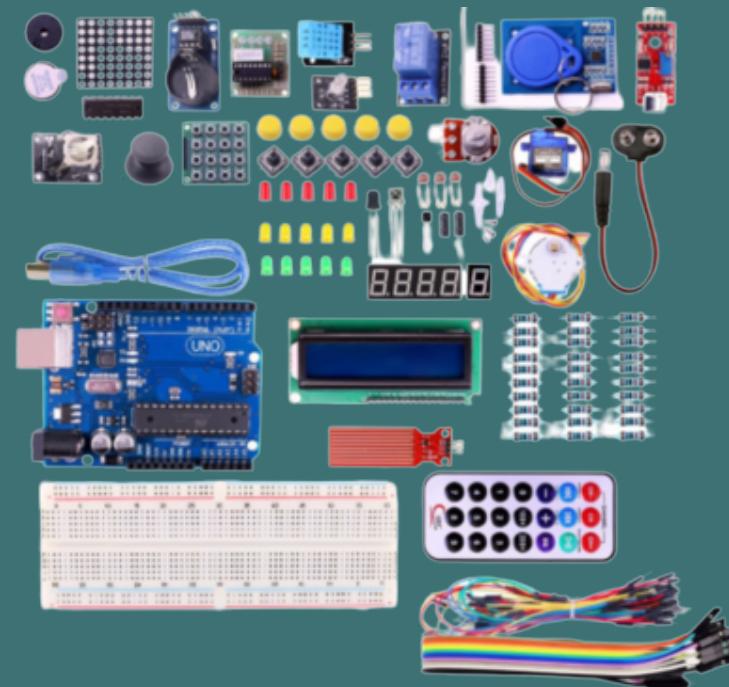

ENR 305 - Sensors, Instructions and Experimentation
Section 3
Faculty : Prof. Ashok Ranade

Presented by Group 19

Requirements

01

Arduino UNO Kit

02

Ultrasonic Sensor

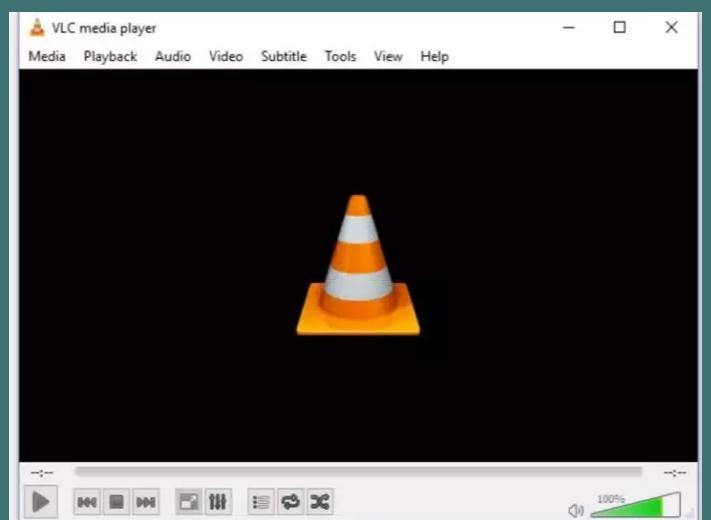

03

Laptop

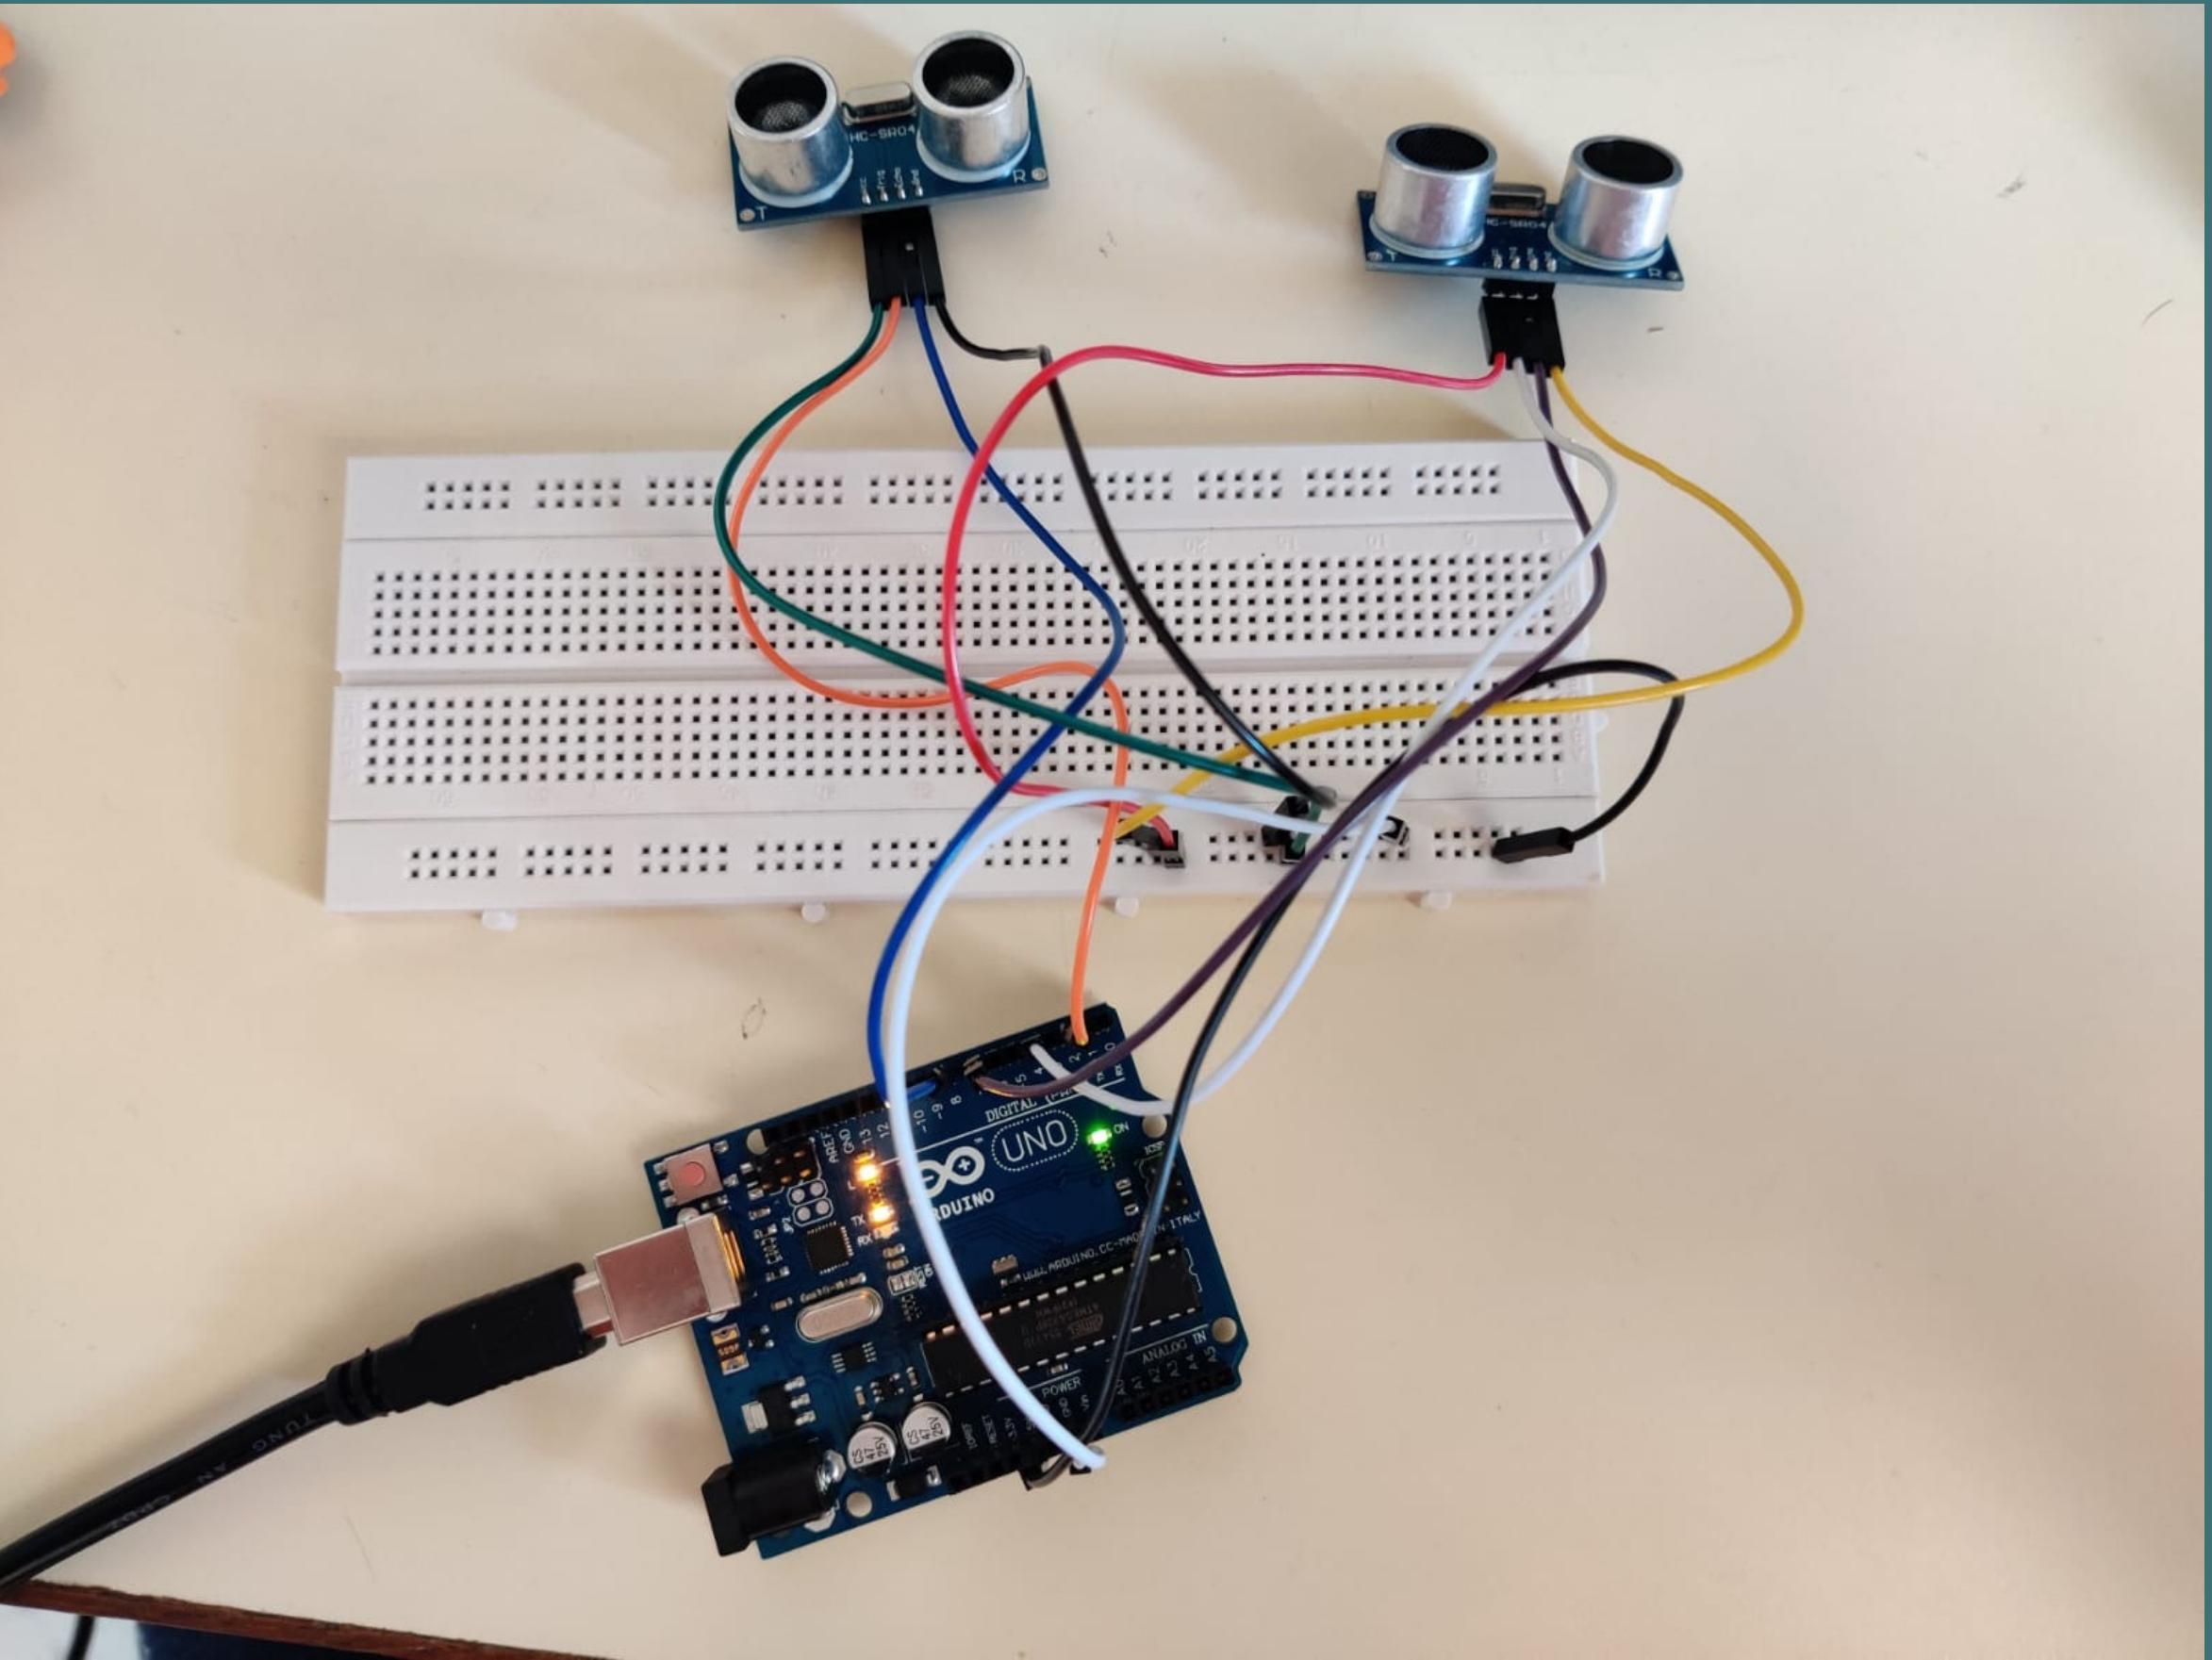

04

VLC

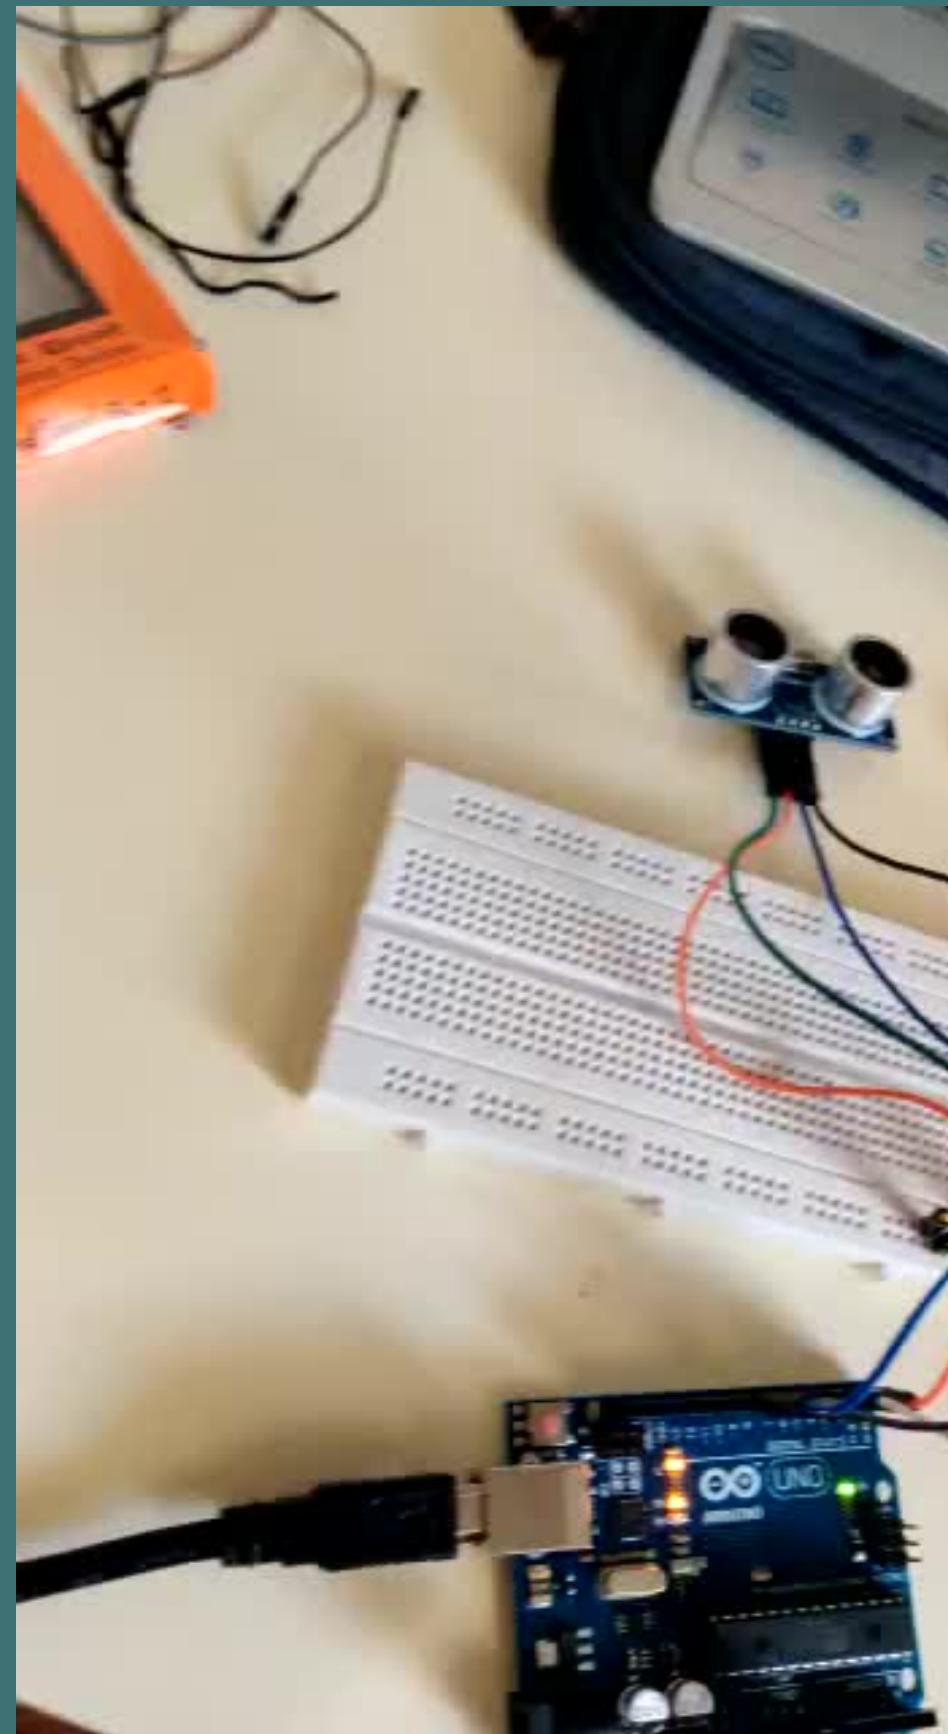

Progress

- Soft copy in Tinkercad and code.
- Hands on circuit
- Achieved serial communication with arduino and sensors.

Video

Yet to be done

- Python code is left to be added.
- Integration of python to control VLC.

Meet the Group
